

COZUMEL 240

DESCRIPTION

You have to choose performance or comfort, right? Wrong. With the Cozumel 240, your only choices will involve how much horsepower you want, the performance features you need, and how many creature comforts you'd like to have onboard. For a day of relaxation and watersports, load up the soft-sided cooler, fire up the available grill and enjoy an on-water barbecue. Relax on the wraparound lounges with built-in cup holders, catch some rays on the sunpad, sing along with your favorite tunes courtesy of the four-speaker stereo system or available six-speaker Polk Blue Water sound system which includes a 10" subwoofer, and set the anglers loose with the aerated livewell and fish finder with GPS and depthsounder. And if you've elected to equip the T3 Performance Package, a 300hp Mercury Verado will give you a decidedly unpontoon-like adrenaline rush. This is it. The adventure awaits.
